# THANK YOU

*“What we have is a maturation of the crypto market, and we get investors and traders more comfortable understanding the fundamentals around what they’re buying.”*

*Daniel Varzari, CEO*

*“Blockchain is a new technological paradigm of our time. It will fundamentally change the principles of work of the whole financial world.”*

*Igor Scvortov, CFO*

*“One day in our near future, everything will be tokenized and connected using the blockchain.”*

*Anastasia Kovaleva, VP Asia*
